CINAHL Search Tips

Try some of these headings when searching CINAHL for articles related to Medical Laboratory Science.

- Technology, Medical
  - Culture Techniques
    - Cell Culture Techniques
    - Tissue Culture Techniques
    - Tissue Engineering
  - Cytological Techniques
    - Cell Count
      - Cell Migration Assays
    - Cell Separation
      - Colony-Forming Units Assay
    - Cytogenetic Analysis
    - Cytological Techniques, Automated
    - Cytophotometry
      - Drug Screening Assays, Antitumor
    - Histocytology
    - Histocytological Preparation Techniques
  - Histological Techniques
    - Histocytology
    - Histocytological Preparation Techniques
  - Microbiological Techniques
    - Bacteriological Techniques
      - Colony Count, Microbial
    - Microbial Culture and Sensitivity Tests
    - Microbiological Techniques, Automated
    - Mycological Typing Techniques
    - Viral Load
    - Virus Inactivation
    - Molecular Diagnostic Techniques

- Diagnosis
  - Diagnosis, Laboratory
    - Biopsy
    - Breath Tests
    - Chemistry, Clinical
    - Cytodiagnosis
    - Hair Analysis
    - Hematologic Tests
    - Immunologic Tests
    - Laboratory Test Interference
    - Laboratory Test Panels
    - Metabolic Clearance Rate
    - Occult Blood
    - Parasite Egg Count
    - Point-of-Care Testing
    - Pregnancy Tests
    - Semen Analysis
    - Sex Determination
    - Specimen Handling
    - Urinalysis
